

Families Supporting Families

As a result of the Futures recommendations and the Empowering People implementation team, we created a discussion listserv to encourage communication for families in supporting other families.

[family-chat]

What is a discussion listserv?

A listserv is basically a group of people with common interests who are part of an e-mail distribution list. When an e-mail is sent to the list, everyone gets the e-mail. If somebody replies to the list, everybody gets the reply. It is very similar to a discussion board online, but it comes through e-mail and is available only to individuals on the list.

How do I join the "Families Supporting Families" discussion?

It's simple to join the listserv. Open an e-mail and type join-family-chat@list.dodd.ohio.gov on the "To:" line. You don't have to type a message or add anything on the subject line, just click "send". In a few minutes you will receive a reply from *family-chat Confirmation* asking you to click a link to confirm your request to join the list. You must do this in order to complete the subscription process. You might have to look for this confirmation e-mail in your "junk" folder, depending on your e-mail provider and spam filtering. Any e-mails sent to the listserv will come to you as Families Supporting Families (family-chat@list.dodd.ohio.gov) with [family-chat] on the subject line.

Can I leave if I don't want any more e-mails from the group?

To leave the listserv so e-mails from the group will stop, open an e-mail and type leave-family-chat@list.dodd.ohio.gov on the "To:" line. You don't have to type a message or add anything on the subject line, just click "send". In a few minutes you will receive a reply from *family-chat Confirmation* asking you to click a link to confirm your request to leave the list. You must do this in order to complete the process. You might have to look for this confirmation e-mail in your "junk" folder, depending on your e-mail provider and spam filtering.

How do I send messages and communicate with other families on the list?

You can send or forward e-mails to the family-chat discussion listserv by addressing your e-mail to family-chat@list.dodd.ohio.gov. This e-mail address is long and can be hard to remember so you might want to add it to your contacts.

How do I reply to a message sent through the listserv?

You can choose to reply only to the person who sent a message to the listserv by clicking on "Reply". You will see their e-mail address on the "To:" line. If you want everyone on the list to see your response, then click on "Reply all" and you will see the listserv e-mail address on the "To:" line. Click "send".

I changed my e-mail address so how do I update it on the listserv?

You will need to remove your old e-mail address by sending an e-mail *from your old e-mail account* to leave-family-chat@list.dodd.ohio.gov. You will receive an e-mail from *family-chat Confirmation*. Please follow the instructions to complete the process. You will need to add your new e-mail address to the list by sending an e-mail *from your new e-mail account* to join-family-chat@list.dodd.ohio.gov. You will receive an e-mail from *family-chat Confirmation*. Please follow the instructions to complete the process. It is important to send from the appropriate e-mail account because the e-mail address must match the account in order to be a valid request.

Will I get unwanted e-mail like SPAM and advertisements?

You will not receive SPAM or advertisements through the family-chat listserv. All messages must be approved before they go out to everyone and can be identified by *[family-chat]* on the subject line. This is a *closed* listserv which means you have to be a member of the group in order to send messages to it. As a courtesy to other members of the listserv please keep all messages on topic.

How do I see past e-mail conversations?

You can look through or search the discussion listserv by going to this website: <http://dodd.ohio.gov/futuresmore/famchat.htm>. Archiving of the listserv is not public. Only those people that are a member of the listserv and have a password are allowed to view past postings. Please send e-mail to webmaster@list.dodd.ohio.gov if you would like a password to access the archive.

Privacy

DODD values subscriber confidentiality and does not intentionally share subscriber addresses with others. *However, in the event of a public records request, DODD will comply with all applicable Public Records Laws.* The family-chat listserv is not publicly available to everyone. All members must be approved. Only those people that are a part of the listserv and have a password are allowed to view postings that are in the archive.
