

Requesting your absentee ballot by mail:

- Official request forms are available on the Secretary of State's website at www.MyOhioVote.com and from your county board of elections. Your request must contain certain information.
- If you mail your absentee ballot application, your board of elections must receive it by noon on the Saturday before Election Day.

You must return your voted absentee ballot to the board of elections in order for it to be counted:

- **Returning your ballot by mail:** Your county board of elections must receive your voted ballot by 7:30 p.m. on Election Day or your ballot must be postmarked the day before Election Day and received by the board of elections by the 10th day after Election Day.
- **Returning your ballot in person:** It must be received by your county's board of elections by 7:30 p.m. on Election Day.

Also, if you are voting by mail and you need assistance in marking your ballot, there is a process in place for you to request assistance from your county board of elections. For more information on this process, contact your county board of elections.

**Alternative formats are available upon request.*
